OBJECTIVE

SOC Analyst with practical experience in threat detection, log analysis, and SIEM systems. Passionate about defensive security with a long-term goal of becoming a senior SOC manager contributing to proactive incident response and threat intelligence.

EDUCATION

- PTIT - Ho Chi Minh City** 2021 – 2026
B.S. in Information Security GPA: 3.42/4.00
- Scholarships for academic excellence in Semester I & II, 2024

EXPERIENCE

- SOC Analyst Tier 1** May 2025 – Aug 2025
THD CyberSecurity
Ho Chi Minh City, Vietnam
 - Monitored and triaged security events using Splunk; detected anomalies, IOCs, and policy violations.
 - Investigated incidents using **MITRE ATT&CK**, **Kill Chain**, and **NIST** frameworks.
 - Built dashboards and tuned correlation rules to improve detection accuracy and reduce false positives.
 - Integrated threat intelligence from **MISP** and **OpenCTI** to enrich alert context.
 - Used **IRIS** for managing case lifecycle, documenting investigations, and tracking analyst actions.
 - Prepared daily shift reports and incident summaries with key findings, response actions, and recommendations.

PROJECTS

- Splunk + pfSense SIEM Deployment** 2024 – 2025
Personal Project
 - Built a virtual lab with pfSense firewall, integrated Snort/Suricata, and forwarded logs to Splunk.
 - Created dashboards and detection rules for common threats. GitHub: SplunkSystem-pfSense
- Security Onion SIEM Deployment** May 2025 – Jul 2025
Internship Project
 - Installed and configured Security Onion on VMware, integrating Suricata, Zeek, Wazuh, and TheHive.
 - Simulated web attacks using OWASP Juice Shop (DoS, SQLi, XSS) to test detection capabilities.
 - Analyzed and correlated logs from endpoints and pfSense via Kibana, Playbook, and TheHive.
 - Compared results and visibility between Security Onion and Splunk for real-time monitoring.

SKILLS

- SIEM Experience:** Monitoring and triaging alerts with Splunk, Security Onion; analyzing logs from firewalls, IDS/IPS, and endpoints.
- Threat Analysis:** Basic use of MITRE ATT&CK, IOC investigation, alert validation, false positive filtering, and incident escalation.
- Soft Skills:** Clear reporting, attention to detail, teamwork, working under pressure, and strong willingness to learn.

CERTIFICATIONS

- TOEIC 580 – Listening & Reading (Jan 2025)

AWARDS

- Merit-based Scholarship – PTIT (Jun & Dec 2024)
